Bias Detection Report

This is a report introduction.

Image not found: generated_files/bar_chart.png

The bar chart shows that there is a significant difference in the distribution of the 'Sex_Code_Text' column.

Image not found: generated_files/heatmap.png

The heatmap shows that there is a strong correlation between the 'RawScore' and 'DecileScore' columns.

Based on the findings, the overall bias level is Level 3. The user should be cautious when using this dataset.
